Oggetto: Aggiornamenti sulla legislazione australiana - "BIOSECURITY ACT 2015"

Per opportuna informazione si comunica che il governo australiano, attraverso il Dipartimento dell'Agricoltura e risorse idriche, ha messo a disposizione informazioni utili a facilitare l'avvio attuativo del "Biosecurity Act 2015" previsto per il 16 giugno 2016.

Il "Biosecurity Act 2015" sostituisce il precedente "Quarantine Act 1908" ed è stato concepito per essere flessibile e reattivo ai cambiamenti tecnologici e alle sfide future.

Il pacchetto informativo in questione descrive i principali cambiamenti introdotti per il settore produttivo, i relativi approfondimenti sono reperibili mediante i link forniti nel documento allegato.

Distinti saluti.

IL DIRETTORE GENERALE
(Dott. Giuseppe Ruocco)

Allegato 1: Australian Government, Department of Agriculture and Water Resources, BIOSECURITY ADVICE 2016
