I dati personali che si riferiscono a punti di contatto negli Stati membri e nei paesi EFTA/SEE sono trattati in conformità al regolamento (CE) n. 45/2001 del Parlamento europeo e del Consiglio, del 18 dicembre 2000, concernente la tutela delle persone fisiche con riguardo al trattamento dei dati personali, nonché alla libera circolazione di tali dati ⁽¹⁾.

⁽¹⁾ GU L 8 del 12.1.2001, pag. 1.

LEGENDA

1. Il catalogo comune delle varietà delle specie di ortaggi è pubblicato conformemente alle disposizioni dell'articolo 17 della direttiva 2002/55/CE del Consiglio, del 13 giugno 2002, relativa alla commercializzazione delle sementi di ortaggi ⁽¹⁾.

A norma dell'accordo sullo Spazio economico europeo (SEE) il catalogo comune comprende anche le varietà dei paesi EFTA che soddisfano i requisiti dell'accordo ⁽²⁾.

Il catalogo enumera tutte le varietà le cui sementi, in applicazione dell'articolo 16 della summenzionata direttiva, non sono soggette nel SEE ad alcuna restrizione di commercializzazione in rapporto alla varietà, fatte salve le eccezioni di cui all'articolo 16, paragrafo 2, e all'articolo 18 della suddetta direttiva.

In seguito all'entrata in vigore della direttiva 92/33/CEE del Consiglio, del 28 aprile 1992, relativa alla commercializzazione delle piantine di ortaggi e dei materiali di moltiplicazione di ortaggi, ad eccezione delle sementi ⁽³⁾, il catalogo elenca anche le varietà i cui materiali di moltiplicazione o le cui piantine appartengono ai generi o alle specie disciplinate dalla direttiva summenzionata.

2. Il catalogo comune delle varietà delle specie di ortaggi è stato pubblicato per la prima volta il 29 giugno 1972 ⁽⁴⁾. La presente trentaduesima edizione integrale aggiorna la trentunesima edizione integrale ⁽⁵⁾. L'aggiornamento riflette la situazione al 20 agosto 2013 ⁽⁶⁾.

Il catalogo sarà completato conformemente alle informazioni fornite dagli Stati membri, man mano che esse perverranno. A intervalli regolari saranno pubblicate nuove edizioni integrali contenenti tutti i complementi.

3. Il catalogo comune delle varietà delle specie di ortaggi è suddiviso secondo le specie disciplinate dalle direttive 92/33/CEE e 2002/55/CE. Nell'ambito di ciascuna specie, o all'occorrenza delle sottospecie (indicate con la rispettiva denominazione botanica e tradotte in inglese), le varietà sono elencate nell'ordine alfabetico delle denominazioni delle varietà ammesse. Esse sono:

- a) le denominazioni con le quali una varietà è stata ufficialmente ammessa negli Stati membri o nei paesi EFTA. Conformemente alle disposizioni dell'articolo 9, paragrafo 2, della direttiva 2002/55/CE le varietà nuove possono essere ammesse in uno Stato membro o in un paese EFTA con una sola denominazione. La stessa varietà può essere ammessa in un altro Stato membro con una denominazione diversa solo con debita motivazione;
- b) le altre denominazioni con le quali le sementi della varietà in questione sono ancora commercializzate (vecchie varietà).

Se le sementi di una varietà sono commercializzate con diverse denominazioni, una denominazione convenzionale è stata scelta a scopo di semplificazione. In genere, la denominazione convenzionale indica la denominazione ufficiale data alla varietà nel primo paese di ammissione noto. Tutte le indicazioni concernenti la varietà figurano sotto questa denominazione.

Per le altre denominazioni della varietà si fa semplicemente riferimento alla denominazione convenzionale.

4. Il catalogo comprende quattro colonne:

- colonna 1: «Varietà»,
- colonna 2: «Paese di ammissione UE»,
- colonna 3: «Paese di ammissione EFTA» (attualmente solo la Norvegia),
- colonna 4: «Osservazioni».

⁽¹⁾ GU L 193 del 20.7.2002, pag. 1.

⁽²⁾ Accordo sullo Spazio economico europeo, 1992.

⁽³⁾ GU L 157 del 10.6.1992, pag. 1.

⁽⁴⁾ GU C 169 del 29.6.1972, pag. 1.

⁽⁵⁾ GU C 341 A del 9.11.2012, pag. 1.

⁽⁶⁾ Sesto complemento alla trentunesima edizione integrale (GU C 239 A del 20.8.2013, pag. 53).

La colonna 1 riprende tutte le denominazioni della varietà in ordine alfabetico.

Se si tratta di una denominazione convenzionale i dati relativi alla varietà sono indicati nelle quattro colonne secondo le spiegazioni date al punto 5.

Se si tratta di una denominazione non convenzionale nella colonna 4 viene indicata la denominazione convenzionale, come illustrato qui di seguito:

ALLIUM CEPA

1	2	3	4
Bianca di Maggio			= La Reine

5. Per le denominazioni convenzionali le quattro colonne riprendono le indicazioni seguenti che si riferiscono alla varietà:

5.1. Colonna 1

Immediatamente sotto la denominazione convenzionale, le altre denominazioni della varietà con cui è stata ammessa ufficialmente negli Stati membri o nei paesi EFTA sono ripetute in ordine alfabetico e precedute da un trattino, a ragione di una sola denominazione per ogni paese di ammissione.

Per le denominazioni non riprese cfr. punto 5.3.

5.2. Colonne 2 e 3

— La lettera «a» o «b» precede la sigla degli Stati membri o dei paesi EFTA che hanno ammesso ufficialmente la varietà.

La lettera «a» significa che le sementi di questa varietà possono essere certificate sia in quanto «sementi di base» o «sementi certificate» sia controllate quali «sementi standard» [cfr. articolo 3, paragrafo 2, lettera a), della direttiva 2002/55/CE].

La lettera «b» indica che le sementi di questa varietà possono essere controllate soltanto in quanto «sementi standard» [cfr. articolo 3, paragrafo 2, lettera b), della direttiva 2002/55/CE].

— Nella maggior parte dei casi la sigla del paese è seguita da un numero che serve a designare il responsabile della selezione conservatrice nel paese di ammissione. I nomi corrispondenti ai numeri di codice figurano in allegato nella «Lista dei nomi del o dei responsabili della selezione conservatrice e nome dell'autorità che dispone della lista dei nomi di questi responsabili».

— Una «x» al posto di questo numero indica che il paese di ammissione ha previsto diversi responsabili della selezione conservatrice i cui nomi possono essere richiesti all'autorità che figura, per lo Stato membro o EFTA interessato, nell'elenco in allegato.

— I numeri o le «x» sottolineati indicano che le persone designate sono responsabili anche della selezione conservatrice per altri paesi di ammissione per i quali la lettera «a» o «b» figura senza numero o «x».

— Le indicazioni suddette figurano nella riga corrispondente alla denominazione con la quale la varietà è stata ufficialmente ammessa nello Stato membro o nel paese EFTA interessato (cfr. punto 5.1).

5.3. Colonna 4

In questa colonna figurano le seguenti informazioni:

— le varietà ibride sono segnalate con la lettera «H»,

— le varietà riprodotte principalmente da piantine e materiali di moltiplicazione, ad eccezione delle sementi, sono segnalate con la lettera «V»,

- le denominazioni della varietà non coperte dal punto 5.1 sono riprese in ordine alfabetico, seguite dalla sigla dello Stato membro o del paese EFTA in cui tali denominazioni sono utilizzate,
- le denominazioni che a norma delle disposizioni del punto 3 non sono più autorizzate o che sono state corrette, ma che figuravano nell'edizione precedente del presente catalogo sono precedute, ai soli fini di informazione, dall'abbreviazione «ant.»,
- se una varietà è soppressa dal catalogo e un periodo per la certificazione, verifica e commercializzazione delle sementi viene concesso a norma dell'articolo 15, paragrafo 2, della direttiva 2002/55/CE, la scadenza di tale periodo è indicata dalla data di scadenza preceduta dalla lettera «f».

Altre informazioni sono fornite in una lista delle note ad hoc.
