

## CATALOGO COMUNE DELLE VARIETÀ DELLE SPECIE DI PIANTE AGRICOLE

### Complemento A 2024/13

(Testo rilevante ai fini del SEE)

(C/2025/478)

1. Il presente complemento al catalogo comune delle varietà delle specie di piante agricole <sup>(1)</sup> rettifica lo status di 202 varietà, notificate dalle autorità rumene, aggiungendo una data fino alla quale è prorogata la commercializzazione. Tali varietà sono state precedentemente pubblicate nei complementi 2023/5 <sup>(2)</sup>, 2023/6 <sup>(3)</sup>, 2024/4 <sup>(4)</sup>, 2024/6 <sup>(5)</sup> e 2024/9 <sup>(6)</sup> senza tale indicazione, il che consente di prevedere un periodo per la certificazione e la commercializzazione delle sementi o dei materiali di moltiplicazione che si protrae al massimo fino al 30 giugno del terzo anno successivo alla scadenza dell'ammissione.
2. Il presente complemento rettifica inoltre lo status della varietà di grano Kornby Øland per la Danimarca, che era stata erroneamente integrata nel complemento 2023/7 <sup>(7)</sup>.
3. Il presente complemento segue la suddivisione adottata nella versione consolidata. È dunque possibile riferirsi alla legenda di tale edizione.
4. Le modifiche apportate alla versione consolidata sono indicate nel modo seguente:
  - (mod.): indica una modifica di una posizione esistente. Le indicazioni relative a tale posizione nel presente complemento sostituiscono quelle della versione consolidata;
  - (del.): indica che la posizione e tutte le indicazioni che la riguardano sono soppresse dal catalogo comune.
5. Il presente complemento riguarda le varietà notificate alle quali si applicano le disposizioni dell'articolo 16, paragrafo 1, della direttiva 2002/53/CE del Consiglio <sup>(8)</sup>.
6. Il nome e l'indirizzo del responsabile della selezione conservatrice della varietà, nel caso in cui il suo codice non compaia nella versione consolidata, possono essere chiesti all'autorità indicata nell'elenco dello Stato membro o del paese EFTA interessato.
